The company manages 48,500 parking spaces spread over 56 car parks in the province of Barcelona

Saba wins management bid for new car park at Hospital Sant Joan de Déu

- The car park is located below the new outpatient, emergency and rehabilitation therapy building at the Hospital Sant Joan de Déu.
- To encourage the rotation of spaces, 151 parking spaces have been added to the 368 spaces already on the hospital grounds below the main teaching building, which Saba also manages.
- Saba will manage the entire parking infrastructure at the hospital with a lease lasting until 2024.

Barcelona, 7 November 2012

Saba Parkings, the car parks division of Saba Infraestructuras, has won the management bid for a new parking in Esplugues de Llobregat (Barcelona), located below the recently-opened outpatient, emergency and rehabilitation therapy building at the Hospital Sant Joan de Déu. The company, which already manages 368 parking spaces under the main teaching building on the same complex, has added 151 more spaces. Spread across one level, it is hoped that they will encourage the rotation of spaces. Saba will manage the entire parking infrastructure at the hospital complex under a lease that will last until 2024.

The Hospital Sant Joan de Déu is a university hospital specialised in paediatrics, obstetrics and gynaecology. Located in Esplugues de Llobregat, it receives more than 200,000 outpatient visits and deals with 115,000 emergencies a year. With 1,600 employees, the Hospital Sant Joan de Déu is a leading figure both nationally and internationally in the field of maternal and infant care.

With the addition of this new hub to Saba Parkings' car park network, the company manages around 48,500 parking spaces in the province of Barcelona, spread over 56 car parks. Saba Parkings is the leading operator in Spain and one of the largest operators in Europe. It is currently present in more than 80 cities in Spain, Italy, France, Portugal, Chile and Andorra. The company manages approximately 130,000 parking spaces in more than 200 car parks. It is also engaged in new projects that will increase the network to 214 car parks and more than 145,000 managed parking spaces. Saba Parkings is part of Saba Infraestructuras, a leading company in car park management since 1966 and in logistics park management since 1999.
