- Saba will manage the facility for eight years.
- Saba has around 140,000 parking spaces in about 200 car parks in Spain, Italy, Portugal, Chile, France and Andorra.

Barcelona, the 9th of May 2013

Saba Parkings, the car park division of the Saba Infraestructuras group, has started another operation in Portugal after winning the contract to manage the car park at the new hospital in Vila Franca de Xira, which serves a catchment area of 217,000 people.

Saba is to operate the car park and its 800 spaces on two underground floors for a period of eight years. In fact, the company has already been running the 2,117-space car park at Braga Hospital in Portugal since May 2011.

Vila Franca de Xira is located 30 kilometres outside of the Portuguese capital, in the Lisbon District which has the highest population density in the country, with over two million inhabitants. Following this award, Saba is maintaining its commitment to growth in Portugal where it has a presence in eight cities, including Lisbon and Porto, and runs 24 car parks with a total capacity of 20,162 spaces. It has been operating in the country since 1996.

Saba Parkings is the leading operator in Spain and one of the largest operators in Europe. It is currently present in more than 80 cities in Spain, Italy, Portugal, Chile, France and Andorra. The company manages approximately 140,000 parking spaces in about 200 car parks. It is also engaged in new projects that will increase the network to 214 car parks around 150,000 managed parking spaces. Saba Parkings is part of Saba Infraestructuras, a leading company in car park management since 1966 and in logistics park management since 1999.
